

GUARANTEE

Blanco America carries a LIMITED LIFETIME WARRANTY ON KITCHEN and BAR FAUCETS.

Specifically, BLANCO warrants, to the original consumer, the ceramic cartridge, parts and the finish used in BLANCO faucets to be free from manufacturing defects in material and workmanship for a "Lifetime," as long as the original consumer owns the home in which the faucet(s) are installed. If any such BLANCO faucet proves to be defective during the warranty period to the original owner, BLANCO will provide replacement parts free of charge at the location of the purchase.

This warranty does not cover ceramic cartridges, parts or finishes which have been improperly installed, damaged or subjected to misuse or abuse in a location other than a residential kitchen or faucets which are scratched or scuffed due to the use of corrosive or abrasive cleaning agents. This warranty does not cover shipping costs, labor costs, or any other costs associated with the installation or replacement of the product/parts and is extended only to the original consumer-purchaser of the faucet.

BLANCO is not responsible or liable for indirect, special or consequential damages arising out of or in connection with the use or performance of its faucets or ceramic cartridges, and its liability under this warranty is limited to replacement of the defective material at the location of purchase.

BLANCO makes no additional warranties, expressed or implied, and any implied warranty including that of merchantability or fitness for a particular purpose, is limited in its duration to the duration of the written limited warranties set forth herein.

Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages or limitations on the duration of an implied warranty, so the above limitations or exclusions may not apply to you.

This warranty gives you specific legal rights and may also have other rights, which vary from state to state, or province to province.

RIVANA

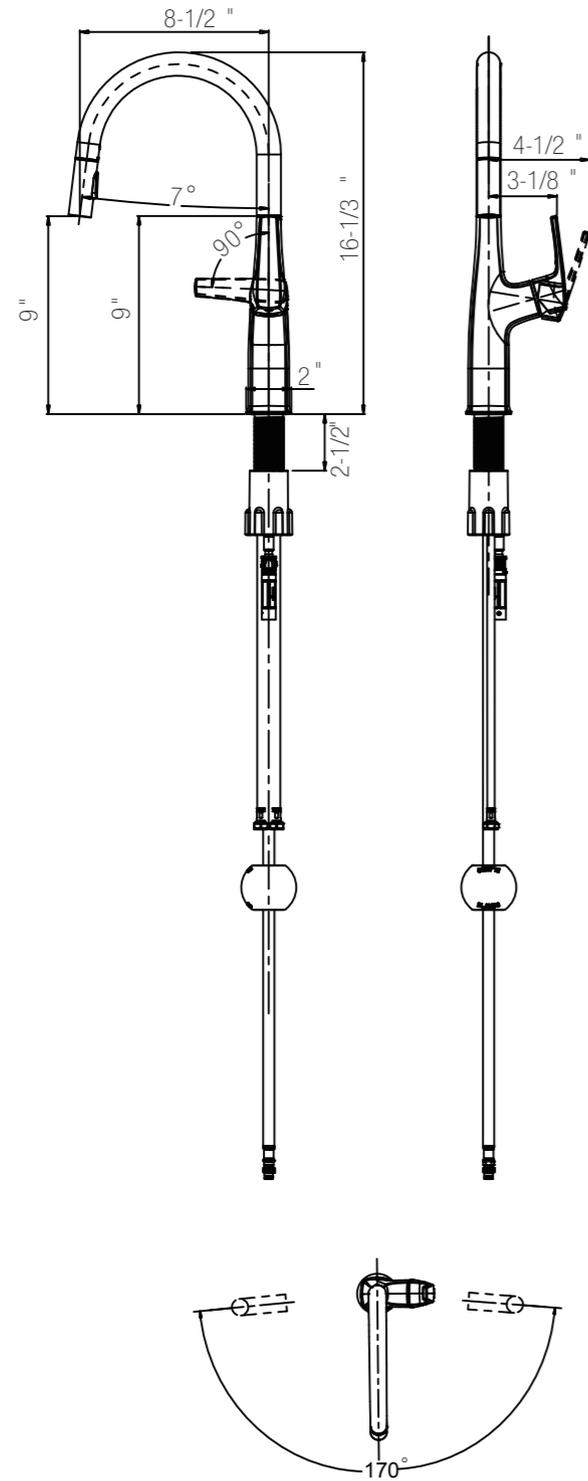

KITCHEN FAUCET, PULL-DOWN

TECHNICAL PRODUCT INFORMATION

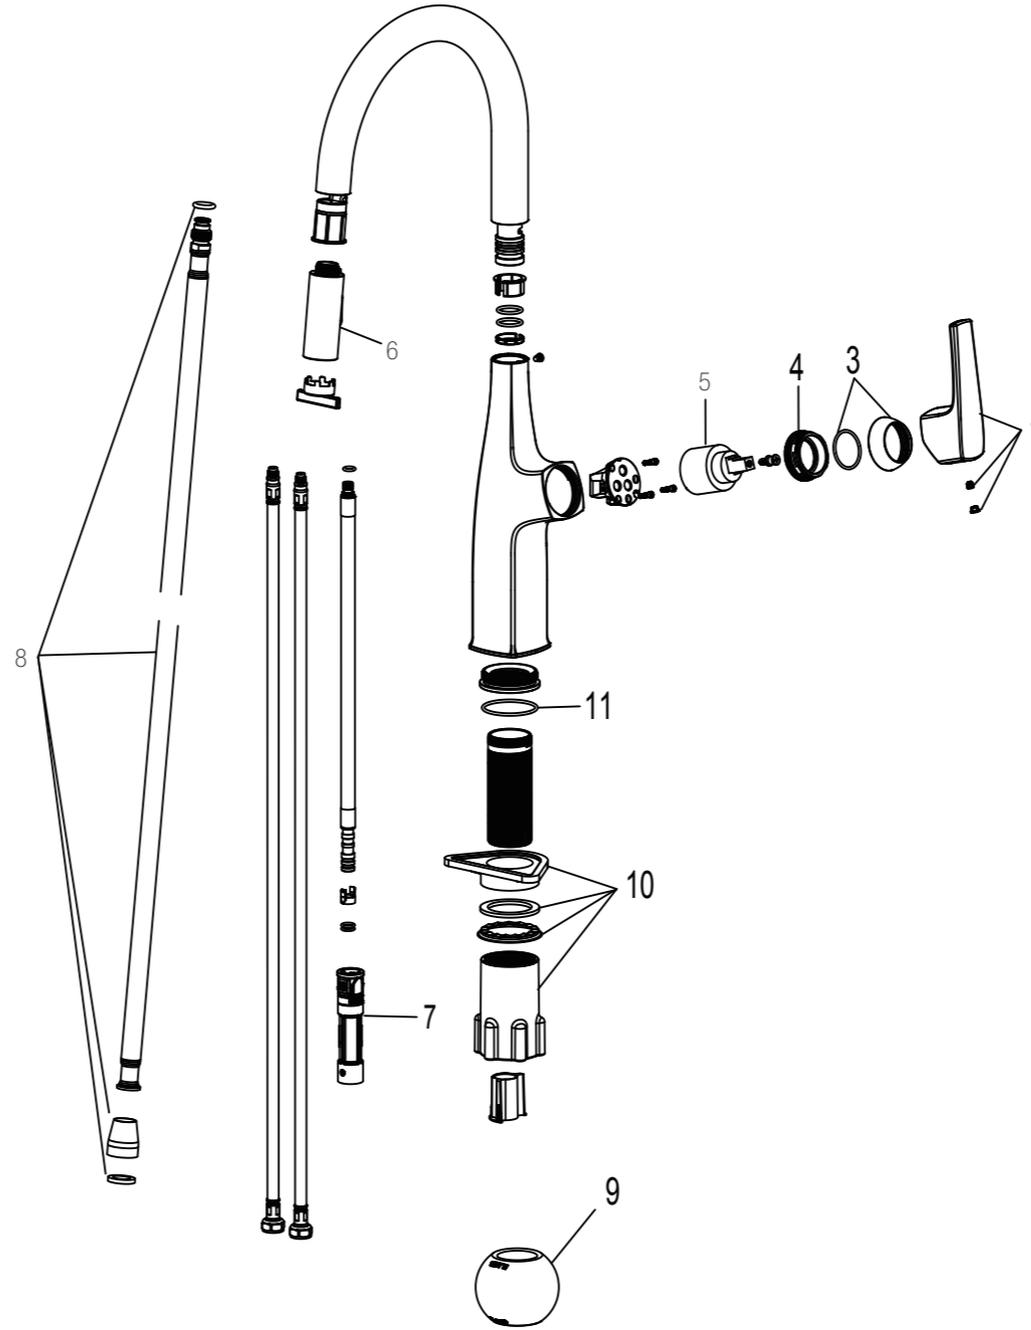

Model 442677-442678-443020-442985

RIVANA

Rotated 170 degrees

Faucet hole Φ 1-3/8"

INSTALLATION

Tools Needed:

- Adjustable wrench
- Channel lock pliers

Dimensional Requirements:

- MAXIMUM deck thickness is 2 1/2"
- Faucet Hole Size is 1-3/8"

1. Shut off water supply to the faucet and remove old faucet if necessary.
2. Place faucet through 1-3/8" hole.
3. Secure faucet to sink/countertop using mounting hardware (10). The proper sequence of hardware is triangular reinforcement base, rubber washer, metal washer, and mounting nut. Hold line while tightening nut to prevent line from twisting. Do not over tighten.
4. Before connecting supply lines to the water valves, flush each water valve to remove dirt and particles that can affect the functioning of the faucet and void warranty.
5. Connect Hot and Cold supply lines to hot and cold water valves.
6. Insert spray hose through center of the Weight (9) and attach Hose Connector (7) to Spray Hose connector until it clicks.
7. Open water valves slowly and check connections for leaks.
8. Turn the faucet on and check for leaks.

PARTS

Diagram#	Description	Part#
1	Handle Chrome	402496
1	Handle PVD Steel	124080
1	Handle Black Matt	124269
1	Handle Satin Gold	124318
3	Cartridge Cap Chrome	402498
3	Cartridge Cap PVD Steel	124081
3	Cartridge Cap Black Matt	124270
3	Cartridge Cap Satin Gold	124319
4	Cartridge Lock Nut	402499
5	Cartridge	121894
6	Shower Head Chrome	402511
6	Shower Head PVD Steel	124084
6	Shower Head Black Matt	124272
