BLANCO CATRIS™ FLEXO faucet – new model extension

Modern flexibility inspired by home-chefs.

TORONTO, Jan. 16th, 2020 – A highly functional kitchen for busy home-chefs definitely deserves the semi-professional faucet experience. In 2020, the sleek design of the **CATRIS™** collection welcomes a new model **CATRIS™ FLEXO** featuring a flexible, matte-black rubber hose giving it a modern, industrial look. The faucet is available in two finishes: Chrome and Stainless Finish.

CATRIS faucets feature a solid brass construction, slimmer body design, optimal range of motion and dual spray function. A built-in patented aerator significantly reduces lime scale for easy cleaning and maintenance. With a reduced flow rate of 1.5 GPM, CATRIS faucets provide water savings while still delivering strong performance. BLANCO faucets are supported by a Limited Lifetime Warranty.
